SUMMARY

Highly motivated and ambitious individual seeking a challenging Product Manager Internship position. With a strong passion for technology and a deep interest in the potential of Generative AI. I am eager to contribute to the development and management of cutting-edge AI products.

WORK EXPERIENCE

Japanese Teacher

AnFeng High School   2020-2022

- Taught Japanese to students with varying levels of Japanese grammar, writing and speaking skills.
- Assessed student progress through tests, quizzes, and other evaluations.
- Provided individualized feedback and support to help students improve their language skills.

Chinese marketing manager

GITC Philippines language school   2020

- Effectively balanced a wide range of teaching and management duties while promoting teamwork and collaboration.
- Maintained close communication with clients, addressed client issues and generated new clients.

UI/UX designer

Yihaofang Internet Technology Co., Ltd   2017-2020

- Conducted user research and created user personas.
- Designed wireframes, prototypes, and mockups for user interfaces.
- Created visual design elements, such as icons, typography, and color schemes.
- Collaborated with developers to ensure that design is implemented accurately.
- Conducted usability testing and incorporated user feedback into design iterations.
- Designed user interface for **AI call system project** to help companies get new potential customers.
